Note:

Neither Adima nor anyone else involved in the calendar production holds a "secret transmission" of the moods or the Chieh-Chi. Everyone who did Intensive with Dheeraj or who studied the work in the last 25 years with trained_group leaders, has (or should have) learned how the 'Tibetan Pulsing Clock' ticks. "The Calendar" - learning the Chieh-Chi - is part of the INTENSIVE TRAINING. The trouble is – it's complex ... and one forgets ... You're welcome to ask questions to adima@adima.net
